

EXAMPLE AMENDS PLAN

My Amends Summary For: My Old Employer

For what should I make amends?	What restitution (payment) could I offer or should I prepare for?	Is there anything to discuss with my mentor or other Christians in my life before making amends?
Stealing property. Being judgmental. Taking revenge rather than discussing my frustration with my boss. Letting selfish pride and fear control my actions as an employee.	Confess what I stole, apologize, and ask forgiveness. Be willing to repay the \$200 + interest or offer services to make up for the losses. Be ready to face and accept legal consequences for my actions.	Check to see if the amount I offer to pay in restitution is enough. Ask for ongoing support if there are legal charges.
